

Review of the New 2012 NC Energy Code

The New NC Energy Conservation Code is a unique combination of ASHRAE 90.1 and the International Energy Conservation Code.

Attend this session to receive updates as to how this new NC Energy Code will affect lighting designs as part of an overall 30% increase in Energy Efficiency requirements to all commercial buildings, both privately and publicly owned.

Sponsored by: The Raleigh Section of the Illuminating Engineering Society (IES)

When: January 10, 2012 12 Noon

Where: Golden Corral Buffet & Grill

5707 Dillard Drive
Cary, NC 27518

Who should attend: Designers, Engineers, Specifiers, Lighting Reps

A few of the topics that will be covered:

- *New lighting power densities*
- *New control requirements*
- *Mandatory Options that may include Daylighting.*
- *Effective and Mandatory Dates of Enforcement*
